To book a place on the workshop, or for further information, please contact

Angela Coleridge
angela.coleridge@googlemail.com

If you plan to come, please book a place before the end of October

Why a local food group for Llandrindod?

At present, the food supply for Llandrindod, like everywhere else in Britain, is heavily dependent on fossil fuels. Conventional farming uses oil-based pesticides, fertilizers made using natural gas, and oil-based fuels for machinery used to work the fields. Food is brought to Llandrindod from other parts of the country and other parts of the world, using fossil-fuel-based transportation.

As fossil fuel availability begins to decline and the price of oil soars we need to urgently develop the infrastructure and skills that will allow Llandrindod to feed itself more locally in the future. This could mean everything from developing local and organic food production on farms, small holdings, allotments, gardens, even roofs, starting community growing projects, planting more fruit and nut trees, to reviving the lost skills of how to grow, harvest, preserve, and cook local fresh food - there's lots of good work to be done!

Invite you to take part in our *first***

Incredible Edible Llandrindod Workshop

Sunday November 8th 2009, 12.30pm – 5.30pm

Topics: will be fun and wide ranging but will include

- Llandrindod 2020 Food: drawing up the vision for plentiful good local food for all in Llandrindod in the future
- Local Food Action - What actions can we take now to achieve this vision?
- How much oil in our food?
- Llandrindod Food Journeys (from food miles to food feet)
- Timeline from now to 2020

RSVP. All are welcome! but if we know that more than 25 are coming we will look for a bigger venue, so please let us know **by the end of October**
